

Rhonda L. Sherman

Extension Specialist, Solid Waste Management
North Carolina State University
Department of Horticultural Science
160 Kilgore Hall, Raleigh, NC 27695
Phone: (919) 515-6770; e-mail: sherman@ncsu.edu

Rhonda Sherman holds a 100% extension appointment and her areas of expertise are vermicomposting, composting, recycling and waste reduction. She is a leading authority on vermicomposting and has received requests for information from people in 111 countries. Rhonda gives about 40 presentations annually and has taught composting and vermicomposting in Argentina, Chile, the Dominican Republic, Guyana, and throughout the United States.

Rhonda organizes the world's only annual conference on large-scale commercial vermicomposting that draws participants from all over the world. She held her 19th Vermiculture Conference in November 2018. Each year, people from about 29 U.S. states attend the conference in addition to participants from foreign countries (past conference attendees came from Argentina, Australia, Austria, Bahamas, Belgium, Canada, China, Dominican Republic, England, Germany, Greece, Guatemala, Hong Kong, India, Israel, Latvia, Mexico, Micronesia, Nicaragua, Nigeria, Norway, Philippines, Puerto Rico, Singapore, South Africa, Spain, Switzerland, Thailand, Trinidad & Tobago, Turkey, Uganda, and Zimbabwe).

Rhonda is the founder and director of a two-acre Compost Learning Lab (CL2) at NC State's 1,500-acre Lake Wheeler Road Field Laboratory. The CL2 has a 40-ft by 30-ft Worm Barn, an equipment shed, and a covered teaching shelter. There are 25 types of composting and vermicomposting bins and areas for hands-on training activities.

She has authored over 65 publications on vermicomposting, composting, recycling and waste reduction. Her new book is *The Worm Farmer's Handbook: Mid- to Large-Scale Vermicomposting for Farms, Businesses, Municipalities, Schools, and Institutions*.

Rhonda co-founded the North Carolina Composting Council (NCCC). She was formerly a member of the Board of Directors of the U.S. Composting Council and was a contributing editor to BioCycle Journal of Composting and Organics Recycling.

Scholarly & Creative Activities	Number
Book chapters	7
Books	2
Extension publications	23
Manuals	4
Other publications	42
Conferences/workshops hosted	20
Classroom guest lectures	55
Presentations at conferences, workshops, courses	>1,000
Grants	20 totaling \$1,366,070

Education Background

M.A., Environmental and Resources Analysis: Solid Waste Management. 1989. Western Michigan University, Kalamazoo, MI

B.S., Environmental Studies and Urban/Regional Planning. 1981. Western Michigan University, Kalamazoo, MI. *Magna cum laude. Presidential scholar.*

Professional Experience

Extension Specialist, September 1, 2016 – present, Horticultural Science Department, NC State University

Same work, different department

Extension Specialist, January 1, 1993-August 31, 2016, Biological & Agricultural Engineering, NC State University

Implemented a statewide educational and technical assistance program to increase awareness and understanding of solid waste management issues. Conducted waste assessments and evaluated potential waste reduction program enhancements. Created an international vermicomposting resource center with web pages, written and audiovisual materials, research, and training. Developed a Compost Learning Lab that features an extensive variety of on-site composting and vermicomposting systems, demonstrations of the beneficial reuse of compost, and hands-on training. Provide the only annual training on large-scale vermicomposting. Responded to requests for information from people in 109 countries.

Waste Management Analyst, 1991-1992, Office of Waste Reduction, NC-DEHNR, Raleigh, NC

Designed and implemented solid waste management education and training programs.

Provided waste reduction technical assistance to local governments, institutions and businesses. Oversaw grant-funded projects. Developed guidance documents. Coordinated specific waste reduction and composting projects.

Recycling Coordinator, 1990-1991, Office of Waste Reduction and Recycling, UNC-Chapel Hill

Planned and implemented campus recycling program. Promoted campus awareness and

participation in recycling. Researched effective policies, technologies and programs. Designed promotional and educational brochures. Coordinated recycling strategies and activities with a student group. Hired and supervised assistants.

Assistant Director, 1986-1990, Environmental Studies Program, Western Michigan University, Kalamazoo, MI

Designed and coordinated program and curriculum development, advised students on program requirements and course selection, administered environmental career counseling, wrote and produced newsletter, *created and implemented recruitment strategies which resulted in enrollment increase of 380 percent*. Taught a comprehensive course on environmental problems and solutions. Designed and taught a course on solid waste management. Co-taught senior capstone course.

Used Oil Recycling Education and Collection Program. Hammett, Sherman, Roberson, & McCracken. Community Resource Development, NC State Cooperative Extension. 1994 - 1995. \$12,000.

Used Oil Recycling. Hammett, Sherman, & Roberson. Water Quality Initiative - Extension Service-U.S. Department of Agriculture. 1993. \$4,000.

Scholarly and Professional Honors

Earthwise Award - Faculty. NC State University. 2008

Sustainability Award - Faculty. NC State University. 2004

Extension Education Award. NC Association of Cooperative Extension Specialists. 1997

Environmental Professional of the Year: Southeastern United States. Association of Energy and Environmental Engineers. 1991

Environmental Professional of the Year: North Carolina. Association of Energy and Environmental Engineers. 1991

Presidential Scholar. Department of Geography. Western Michigan University. 1981

Scholastic Achievement Award, Geography. Western Michigan University. 1980

Certificates and Program Completion

Wake County Master Gardener Volunteer. 2016

Durham County Master Gardener Volunteer Program. 2013

Certificate of Technical Ability in Composting. Maine Compost School. 2005

Basic, Advanced, and Leadership Programs. The Legacy Center. 2003 - 2004

Certificate of Non-profit Management. Duke University. 2000

Academic Leadership for Women. BRIDGES VII. 1999

Compost Facility Operator Training. Louisiana State University Agricultural Center. 1998

Recycling Coordinators Training Program. State of North Carolina. 1991

Professional Service and Membership in Associations

North Carolina Composting Council (president; past vice president; co-founder) 2008 - 2016

Green Industry Council (board of directors) 2015 – present

NC Federation of Cooperative Extension Associations (president-elect 2006; president 2007; past-president 2008) 2006 - 2009

NC Association of Cooperative Extension Specialists (board of directors; president-elect 2006-07; president 2007-08; past-president 2008-09), 2002 - 2014

NC Composting and Organics Recycling Council (steering committee 1996 - 2000; 2005 - 2008)

US Composting Council (board of directors 1993 - 1996), 1993 - present

Source-separated Compost & Organics Recycling Assn. (steering committee), 1993

Toastmasters International; NC State Campus Toastmasters, 1993

Tarheel Association of Energy Engineers (vice president, environmental issues), 1991 - 1993

Carolina Recycling Association, 1990 - 2007

National Recycling Coalition, 1987 - 2005

Advisory Board Participation

DriloBASE World Earthworm Database. Editorial Board, Section Ecosystem Services - Agriculture - Vermiculture 2014 - present

Waste Reduction & Recycling Working Group for Campus Environmental Sustainability Team.

2009 - present

BAE SPA Awards Committee (chair). 2009 - 2012
Duke Lemur Center Board of Directors Education Committee. 2009 - 2010
Eno River Trash-Free Committee (composting coordinator). 2005 – 2012.
NC State University Dining Committee. 2007 - 2010
BAE Distance Learning Committee. 2005 - 2009
BAE Facilities Committee. 2004 - 2009
NCSU CALS Diversity Management Team. 2002
Soil and Water Environmental Technology Center. 1998 - 2004
NC State Long-Range Plan State Major Program Team: Residential & Community Water & Waste Management. 1997 - 2011
Woodbin II, Board of Directors. 1997 - 1998
Rural Council, NC Recycling Association (vice president). 1993 - 1996
Construction & Demolition Debris Task Force, TJCOG Regional Governments. 1993 - 1998
Water Quality/Waste Management Initiative Task Force, NC State. 1993 - 2003
NC Source Reduction Task Force. 1993 - 1996
Education Committee, North Carolina Recycling Association. 1991 - 1998
NC Recycling Coordinator Training Program Advisory Committee. 1991 - 1996
Program Committee, North Carolina Recycling Association. 1990 - 1993
Van Buren County Citizens for Recycling (co-founder). 1989 - 1990
Van Buren County Solid Waste Management Planning Committee (vice chair). 1988 - 1990
Alliance for Integrated Resource Management (co-founder). 1988 - 1990
Southwest Michigan Greens Solid Waste Task Force. 1988 - 1990
Kalamazoo County Forum Solid Waste Task Force. 1987 – 1990

Invited Guest Lectures and Advising

Horticultural Science Department: Intro to Permaculture (HS432), 2002 – present, 2x/yr. (32)
Crop Science Department: Introduction to Agroecology (CS230), 2007 – present (12)
Central Carolina Community College classes, 2015 - present (4)
World of Horticulture: Principles & Practices (HS201), 2017
Intro to Small Scale Landscape Design (HS242), 2017
Tree & Grounds Maintenance (HS471), 2017
Art & Architecture, The Ohio State University: Vermiculture Furniture, 2013
Entomology Department: Organic Agriculture (NET591-791), 2011 – 2012 (2)
Soil Science Department Seminar Series, 2010
Horticulture Science Department: Small-Scale Landscape Design, 2002
Advise College of Textiles student on composting and vermicomposting cotton textile waste for Sustainability Fund Grant 2016 - 2017
Advised Senior Design students on developing composting unit for horse manure, Bio & Ag Engineering, 2015-16
Served on Masters Non-thesis (MCS) committee for Crop Science Department, 2013
Advised and hosted Fulbright Scholar from India, February 1 – May 31, 2010
Advised PhD candidate in Fiber & Polymer Science, College of Textiles for developing non-

woven polypropylene and polyethylene fabrics that can be composted and vermicomposted, 2010

Advised Chemical Engineering Senior Design students on industrial composting, 2008

Consulting Activities

Terra Nova Compost. Vermicomposting instructor for Community Compost Advocate Training Program. Atlanta, GA. June 2016

Institute for Local Self-Reliance. Soil Builder Master Composter Training. Vermicomposting instructor. 2014-15

Vermicomposting and composting technical assistance to a sustainability organization in California. 2014

Farmer-to-Farmer volunteer with Partners of the Americas: Guyana (South America) in 2013, and Dominican Republic in 2014 and 2012. Taught farmers, greenhouse growers, and general public how to vermicompost, compost, and use vermicompost and teas.

Traveled to Argentina and Chile to provide technical assistance and training on composting and vermicomposting to sustainable farmers. November 2011

Contributing Editor. BioCycle Journal of Composting & Organics Recycling. Researched and wrote articles on a variety of topics including vermicomposting, ethanol production, storm debris recycling, animal mortalities composting, food residuals management, compost as an alternative to methyl bromide, construction and demolition debris management, compost markets, manure management alternatives, organics collection options, and arresting corrosion in composting structures. 2000 – 2007

Professional Recycling Organization of Pennsylvania. Delivered presentations on backyard composting at a statewide workshop. 2005

Researched and developed a report on the characteristics of horse manure compost for a private firm in Florida. 2003

Provided technical review of food waste composting guide and delivered a presentation. State of Colorado Governor's Office of Energy Management and Conservation. March 2002

Served on panel discussion "Vermiculture: Dissecting the Worm Industry." Governor's Office of Agricultural Policy, Frankfort, Kentucky. November 2001

Delivered one-day training course "Solid Waste Management Options for Local Officials." National Environmental Training Center for Small Communities, Morgantown, West Virginia. August 2001

Delivered two-day training course "Solid Waste Management Options for Local Officials." National Environmental Training Center for Small Communities, Morgantown, West Virginia. August 2000

Provided critical evaluation of two solid waste management curricula. National Environmental Training Center for Small Communities. 1999

Instructed "Commercial and Industrial Solid Waste Reduction Training for Community Solid Waste Managers" 1-1/2 day course. National Environmental Training Center for Small Communities, Albuquerque, New Mexico. 1998

Instructed "Commercial and Industrial Solid Waste Reduction Training" one day course.

Morongo Band of Indians, Palm Springs, California. 1998
Developed The Composting Council's Speakers Bureau. University of Hawaii. 1993
